Approved 5-0

“The District did have an incident on school grounds that resulted in the District having to clean up school grounds and facilities. The District did communicate with law enforcement regarding the incident and the District and law enforcement concluded that the incident did not rise to the level of a criminal offense under Wisconsin Statutes regarding damage to property or a Door County Ordinance violation. The incident was addressed under the District’s Student Code of Conduct. The Board of Education condemns the recent incident at our school. This is inconsistent with the spirit of community and inclusion we all strive for each and every day.”
