Tim Verboomen - Principal

Sue Cornell - Superintendent of Business Services

Chromebook User Agreement

To meet and exceed the task of providing a relevant and engaging 21st Century Learning Experience, the Washington Island School is continuing our “One Student, One Device (1:1) initiative”. This initiative allows each individual student to have a school-owned digital device (chromebook) while at school. In addition, for students grades 3 and up, we provide an option for an additional home use device, free of charge, for the school year.

Use of a school issued chromebook, whether at school or at home, is subject to the Board of Education policy 7540.03 Student Technology Acceptable Use and Safety. This policy can be found on the school website, or a copy can be requested from the office.

In addition, the following guidelines and expectations apply:

- Students are solely responsible for the usage and condition of their assigned device.
- Device usage is for the assigned student only for educational purposes.
- A staff member may at any time, for any reason, inspect settings / contents / software on any device at school or owned by the school, and take whatever action is needed to ensure compliance with acceptable use standards.
- Device access must be protected by a password known only by the student, their parent/guardian(s), and teachers/staff (if necessary). This password must not be shared with any other students.
- The school is obligated to provide technical support for school-owned devices during normal school hours.
- Internet content is filtered on school devices while on the school network. Washington Island School District is not responsible for internet content filtering outside of the school building.
- Failure to follow these guidelines, the Acceptable Use Policy, or irresponsible behavior with a school-owned device, may result in the student’s loss of privileges to use the device.
- Fees for the loss of, and/or damage to, school-owned devices may be assessed at the district’s discretion based on the assessment of such damage or loss by the school’s Technology Coordinator.
- Intentional removal or attempted removal of any device labels including, but not limited to, student names, serial numbers, product labels, etc., are considered vandalism and/or attempted theft of school property.

I understand and agree to the above referenced policies, guidelines and expectations. I have also reviewed and explained the responsibilities and consequences under this contractual initiative to my child/children.

Student Name _____

Parent/Guardian Name _____

Parent/Guardian Signature _____ Date _____

An additional device for home is also available free of charge for each student grades 3 and up. This device is to remain at home for use by the assigned student for educational purposes. All of the above guidelines and expectations apply to home use devices. Please sign below if you would like to take advantage of this program.

Parent/Guardian Signature _____ Date _____
