

CAREER BASED LEARNING BENCHMARKS

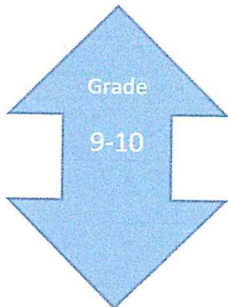

Grades 5-12th

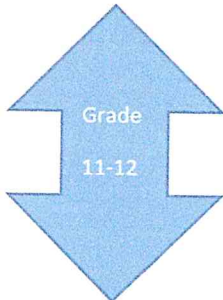

- Students will explore various career opportunities to connect to interests, talents and employability skills.

- Students will develop an ACADEMIC and CAREER PLAN that represents a match of student interests and academic outcomes.

- Students will be exposed to the concept of post-secondary options based upon student interests, abilities, workforce need, and financial feasibility.

- Students will graduate from high school with a post-secondary plan to implement, as well as a back-up plan, an actual real-world exposure to their career focused area, participate in a reflective evaluation-exit interview prior to their graduation date, in order to support the ACADEMIC CAREER PLAN.

- All WISD graduates will be academically prepared and socially-emotionally competent in being able to demonstrate content knowledge and career life skills through their ACADEMIC and CAREER PLAN process.

The Buck's Way
