

Happy Thursday, WISD parents, guardians and families!

The week has progressed on nicely, allowing for minimal disruptions in the educational process that the staff and administration have worked diligently to ensure for all of our students, both in-person and hybrid-remote. We will continue to work on this two-way communication, so that each student receives equitable academic time and support. We are grateful for your patience!

- The Mr. Rick Weilbaker will begin his bus runs on Tuesday, September 8th with Ms. Z finalizing the pick-up and drop off schedule. Please let the office know if your child(ren) will be riding the bus this fall.
- Students will have their temperatures checked as they enter the bus.
- Students who may have an accelerated temperature will not be able to ride the bus. We will need your cooperation in making certain that there is someone at home should they need to be sent back. We will work to notify you by phone and/or text as well to let you know of this situation.
- Student pick up and drop off has gone well this week. It has taken us less than 12 minutes to get all students safely into the building. This may change a bit; as next week we will have a school bus drop off in the scenario.
- Friday is a half-day. Students will be excused from the building at 12:03 pm.
- High School student drivers do not have to be at school until 8:25 am. This will give them plenty of time to walk from their vehicles (or get dropped off) and received their temperature check before arriving for their first hour class.

Thank you for your support and patience as we move into the second week of this school year.

Have a wonderful Labor Day Holiday Weekend. Stay well.
